

SASC

Safe Attainable Sustainable Company

Our Gift Bags

Our amazing gift bags are carefully handmade and stitched by us, giving you the final touches of our company, SASC! The gifts bags are made of designer materials from Sanderson, Harelquin and Designers Guild etc.

We take pride in our company as all our gift bags are up-cycled. Additionally, at SASC, we know wrapping presents can be a great load of work when it comes to Birthdays, Christmas etc and here our gift bags can help you to reduce the burden through a single purchase!

To sum up, at SASC our products are long-lasting and fashionable giving us that extra prestige of a sustainable company!
